PROGRAM

Welcome to

The Sixth North American Conference on Shaken Baby Syndrome

Park City, Utah - September 13 -16, 2006

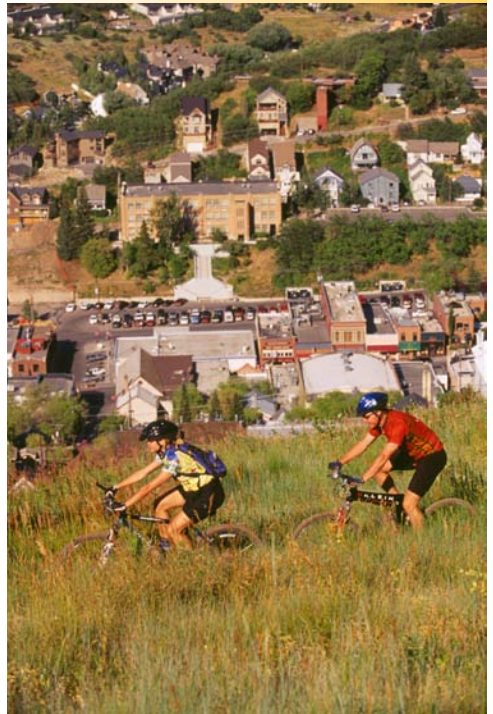

The National Center on Shaken Baby Syndrome welcomes you to the Sixth North American Conference on Shaken Baby Syndrome in Park City, Utah.

We are proud to have reached our tenth year in providing these valuable conferences. We appreciate your continued support. Once again, we have assembled the most respected faculty in the world on shaken baby syndrome. We hope this conference provides you with the

Wednesday, September 13

8:00 a.m. - 5:00 p.m.

Kokopelli Grand

Challenges of Medical Testimony in the United Kingdom and the United States

8:00 a.m. – 12:00 p.m.

Session One – Challenges of Medical Testimony in the United Kingdom

Why the Cases Were Appealed: An Overview of the Problem Set

Tim David, MD, Booth Hall Children's Hospital, Blackley, Manchester, UK

An Overview of how the Pathologist Should Approach a Forensic Autopsy on Head Injury Cases; Examination Techniques for the CNS; Cellular Response to Trauma; Trauma vs. Natural Disease; DAI from Trauma and Other Neuropathology Issues

Lucy Rorke-Adams, MD, Children's Hospital of Philadelphia, Philadelphia, PA, USA

Case Details; Neuropathology and the Case Decision

Carole Jenny, MD, MBA, Brown Medical School, Providence, RI, USA

Biomechanical Issues Related to these Cases and Others

Gina Bertocci, PhD, PE, University of Louisville, Louisville, KY, USA

Summary: What the Experience Teaches Us and How it Affects Future Testimony and Statements from the Court of Appeals.

12:00 p.m. – 1:00 p.m. Lunch break

1:00 p.m. – 5:00 p.m.

Session Two – Challenges of Medical Testimony in the United States

In the second portion of this workshop information relating to current court room challenges to the scientific reliability of the SBS diagnosis in the United States will be discussed.

Brian Holmgren, JD, Office of the District Attorney, Nashville, TN, USA

Betty Spivack, MD, Office of the Chief Medical Examiner, Louisville, KY, USA

Wednesday, September 13

FAMILY RECEPTION

4:00 - 5:30 p.m.

White Pine I & II

Friends and relatives experience an incredible amount of grief when a child is injured or dies due to shaking. Many families have found the conferences help them connect with other families and provide a network for support. We invite you to attend a pre-conference gathering in honor of the children and families affected by shaken baby syndrome. A discussion will be held to highlight workshops that may be potentially difficult or of more interest to family members. A candlelight vigil and tribute to the families will also take place.

WEDNESDAY 6:30 – 8:00 p.m.

KEYNOTE ADDRESS

Kokopelli Grand

A World View of Cultural Practices Related to Shaken Baby Syndrome

Desmond Runyan, MD (Chapel Hill, NC, USA)

Recent surveys in a number of developed and developing countries have found remarkably high rates of children being shaken. Early data suggest that the problem of SBS may be much greater in the developing world. Dr. Runyan will review these data from surveys of parents in more than 15 countries and discuss the implications of these data for the well-being of children.

WELCOMING RECEPTION

8:00 - 9:30 p.m.

Forum

Join us under the stars in the forum for this year's celebration after our opening keynote address. Take this opportunity to develop new relationships with presenters, colleagues, family members and other professionals in a splendid outdoor setting. Participants will enjoy free hors d'oeuvres, a cash bar and dancing with Red Rock Country, a great local talent.

THURSDAY 8:30 – 9:30 a.m.

We recognize that families may need additional support and services during their stay in Park City, Utah. We will make every effort to ensure your needs are met during your stay. The Canyons is well equipped to handle the daily needs of your children, provide access to the different levels of the hotel and throughout the village.

Medical Care

The nearest hospital services during the conference are located at the Heber Valley Medical Center, 1485 South Highway 40, Heber City, UT 84032. Heber City is approximately 20 minutes from downtown Park City. You can access their website for a list of clinics, hospital services and physicians at <http://intermountainhealthcare.org/xp/public/hebervalley/>

Family Retreat Room

Arrowhead II

A designated room will be located near conference sessions for use by family members. This area is available for debriefing time, networking, and will have space for children to rest. No childcare attendant will be available; parents are expected to watch their own children at all times.

Family Debriefing and Support

The National Shaken Baby Coalition has offered their support and services to family members who may be in need of additional mentoring during the conference. They will have an exhibit set up in the conference lobby.

Additional counseling and support is available through the generosity of Michael Burpee, Capt., USAF, LCSW. He will be available throughout the conference for family members who may need to talk. Please check with the National Shaken Baby Coalition members for additional information.

A family debriefing meeting is scheduled on Friday, September 15 from 2:50 - 5:00 pm in the Arrowhead II room. This session is limited to family member attendees and will provide an outlet for families to discuss the conference, their emotions surrounding the conference and offer additional mentoring to those families who may need assistance

PREVENTION FILM PREVIEW

Friday, September 15

Arrowhead Room I

The National Center on Shaken Baby Syndrome is offering a chance for our participants to view some of the most popular prevention films at this year's conference. Prevention specialists will be available to answer your questions about the films being shown. Films will be shown every half-hour.

10:00

Mighty Like a Rose (Rob and Annette Rust)

Mighty Like a Rose describes Kelly Deaun Rust's strength, spirit and will to survive. The film brings viewers into the home of Kelly to hear accounts from her parents and her sister about Kelly's short life, her perseverance and the difficulties of raising a severely handicapped child.

10:30

Elijah's Story (Emily Bodily)

The story of Elijah, a 16-month-old baby boy who was shaken to death by his biological father. This film follows the young family from the birth of Elijah to the 911 emergency call and the sentencing hearing. Elijah's mom shares her emotions as she tries to go on, and Elijah's dad speaks out from prison encouraging others to learn from his actions.

11:00

Have a Plan (Denise Isings)

Have a Plan. Frustration is Normal! What will you do when you are frustrated by your baby's crying? *Have a Plan....* for yourself and share it with anyone that you leave your baby with.

11:30

Don't Shake Jake (Pam Belisle)

This five-minute video is a synopsis of what Shaken Baby Syndrome is. This video is a tool to initiate conversation about Shaken Baby Syndrome and that it is a crime that can hit any home in the world. The sound of a baby crying is made annoying by design it is how we handle the stress of the crying that is the key to preventing Shaken Baby Syndrome.

1:30

Skipper Initiative (George Lithco)

2:00

Portrait of Promise (Jane Swenson)

Portrait of Promise is designed to educate a wide variety of audiences about a form of child abuse called Shaken Baby Syndrome. This video features 3 families whose lives have been devastated by Shaken Baby Syndrome. The program is serious, but provides hope in that it reminds the viewer "the key to preventing Shaken Baby Syndrome lies in our hands."

GENERAL INFORMATION

Registration

General conference registration entitles participants to the following:

- All general conference sessions
- All breakout conference sessions
- Attendance at the welcoming reception
- Attendance at the family reception
- Conference syllabus and handouts on CD-ROM
- Morning and afternoon beverage breaks

Dining

Lunch breaks will be 1 hour and 15 minutes. There are many options available in the resort center and we encourage participants to eat onsite so they are not late for afternoon sessions. An optional theme buffet or box lunch will be available for \$15 each day. A limited number is still available and is payable at the registration desk.

Networking Opportunities

Hospital Based Prevention Meeting

Hospital based prevention program specialists, and other interested parties, are invited to attend a meeting in the White Pine ballroom on Thursday, September 14 from 5:00 p.m. - 6:30 p.m. to discuss pragmatic ideas for implementation, overcoming challenges and sharing successes. The meeting will be hosted by National Center on Shaken Baby Syndrome hospital program specialist Jodi Carlson.

National Association of Children's Hospitals and Related Institutions

The National Association of Children's Hospitals and Related Institutions (NACHRI) is hosting a luncheon for it's members on Friday, September 15 at 12:00 p.m. in Doc's. Join colleagues for an open exchange of ideas and information. This provides an opportunity to influence NACHRI's ongoing work to support roles in treating and preventing child abuse and neglect. Registration for this luncheon is restricted to NACHRI member hospitals. For more information please check in at the registration desk.

Restaurants

Park City's many award-winning restaurants are among the finest in the Intermountain West, reflecting many different culinary styles and influences. There's something for every taste and every mood — and since everything's so close, they're all within walking distance or a short free bus ride away. Please see the Mountain Express Magazine in your conference bag for more details.

GENERAL INFORMATION

Park City Activities

This former Olympic town offers a wide variety of before and after meeting activities to choose from. Attendees can take advantage of Park City's three year-round resorts and Utah Olympic Park activities, including scenic chairlift rides, lift-serviced hiking and biking, alpine slides, zip lines, bobsled rides, and horseback riding. Additional activities include golf, fly-fishing, and gallery strolls. Meeting attendees can also satisfy their urge for shopping on Historic Main Street, Redstone Shopping Center or the 60 brand name manufacturer and designer stores at the Tanger Outlet Center.

Exhibits

Exhibits will be open to our conference attendees from 8:00 a.m. - 5:30 p.m. on Wednesday - Friday and 8:00 a.m. - 12:00 p.m. on Saturday.

Conference Evaluations

Evaluations for the breakout and general sessions are located in your conference bag. Baskets will be located at the back of each breakout room as well as at the registration desk for completed forms. We appreciate your comments, they are reviewed and considered carefully in the planning of our future conferences.

Phones

Please turn off all cell phones and pagers during conference sessions so as to not disturb the presenters or the other attendees.

Emergency messages will be posted at the registration desk. Please direct home/office messages to your hotel room.

Conference Assistance

If at any time you need assistance while attending the conference, please visit our registration desk. Conference staff can be identified by their yellow colored badges and are available to assist you.

Program Changes

All changes to the program will be announced during the keynote sessions as well as posted at the registration desk.

The views presented in conference sessions or at exhibits do not imply endorsement by the National Center on Shaken Baby Syndrome, the planning committee or any other conference supporter.

TRAVEL AND PARKING AROUND PARK CITY

Around Town

Park City Transit provides free bus transportation throughout the Park City area. Buses run approximately every 20 minutes between 7:30 a.m. to 10:30 p.m. Seating is limited on these buses, so the conference will also have additional transportation through All Resort shuttle service for a nominal fee (\$10.00 per person for a two day pass). This can be paid for onsite at the registration desk.

CONTINUING EDUCATION CREDITS

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through a joint sponsorship of Primary Children's Medical Center, the Department of Pediatrics at the University of Utah School of Medicine and the National Center on Shaken Baby Syndrome. Primary Children's Medical Center is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA Category 1 Credit

Primary Children's Medical Center designates this educational activity for a maximum of 16.5 AMA PRA Category 1 Credits™ and a maximum of 8.0 AMA PRA Category 1 Credits™ for the optional pre-conference. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This educational activity offers 9.6 nursing contact hours for the optional pre-conference and 19.8 nursing contact hours for the general conference. Primary Children's Medical Center is an approved provider of continuing nursing education by the Utah Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Other Continuing Education Credits – Additional credits must be obtained through participants' individual states or provinces. Certificates will be available for participants who wish to apply for these additional credits through their own agency.
