European Conference on Shaken Baby Syndrome

On behalf of the planning committee, we would like to welcome delegates to the first European Conference on Shaken Baby Syndrome. This venture is aimed at increasing the knowledge and skills of a variety of professionals who work in the field, as well as developing a support system for parents and families of shaking victims.

We would like to thank everyone involved in the organisation of the conference but particularly the presenters, the members of the planning committee, the conference supporters and the staff and board of the National Center on Shaken Baby Syndrome.
